

WideCam F100

Ultra wide angle Full HD webcam

It's time to upgrade your webcam usage. Genius presents a new Full HD webcam to enhance your chatting and video conference experience, WideCam F100. This webcam has an "ultra wide angle lens" up to 120 degrees which lets you see at a wider angle so there's no need to crowd around in front of a regular webcam. For video conferences, WideCam F100 has a built-in stereo microphone to let you talk freely with crystal clear voice quality. Plus, the glass lens provides a better image quality for chatting. The F100 also include an USB extension cable which can increase the distance up to three meters. For more information about WideCam F100, get in touch with your sales representative.
